

**Franchise Right of Way Access,  
Encroachment, Use Certificate**

This is an application to authorize access to, encroach upon or use of rights of way or other properties owned, maintained or otherwise controlled by Wilson Township, Minnesota.

Acceptance by signature of authorized persons representing Wilson Township allows for temporary work or services or placement of equipment in on or about rights of way or properties owned, maintained or otherwise controlled by Wilson Township whether by direct action or by contract. Such access is limited to the time periods listed in this certificate.

Granting of such access by this certificate does not guaranty future access beyond the dates described herein. There is no automatic renewal. Primary granting will be offered to providers of services to residents and businesses operating within Wilson Township. Attention to zoning requirements, particularly as to construction, maintenance and decommissioning of equipment, including restoration of land and vegetation is required. Any failure to install, operate, maintain or remove equipment or decommission in a timely manner may result in revocation of this certificate. Any revocation will not entitle franchisee to recovery of fees and may result in penalties related to costs incurred by Wilson Township for related maintenance or repairs caused by or allowed by franchisee.
